

Responder IFAK

Series E10-7017

The Eleven 10® Responder IFAK is designed to hold the essentials to care for a traumatic injury, in a compact and slim design. It can mounted vertically or horizontally to MOLLE/PALS webbing. The pouch has a Break Open design which exposes all of the contents when opened for easy access. All of the contents are secured inside the pouch, including the tourniquet which is secured with a tether.

DIMENSIONS:

4.25"H x 6.5"W x 2"D

WEIGHT:

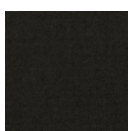

2.8 oz

FEATURES:

- ★ Break Open design to expose all contents for easy access
- ★ TQ Tether keeps the tourniquet at hand until needed
- ★ Laminated fabric used for abrasion resistance and extreme durability
- ★ MED patch included to identify the pouch as a medical kit
- ★ Pouch is secured with Velcro® Hook and Loop and a side release buckle
- ★ Can be mounted vertically or horizontally to MOLLE/PALS webbing
- ★ Additional lashing loops on the bottom to attach an additional tourniquet (not included)

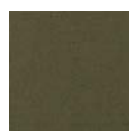

AVAILABLE COLORS:
