

## Soft-Side TQ Pouch v2

Series E10-7301

The Eleven 10® Soft-Side TQ Pouch is a versatile cost-effective tourniquet carry solution. Compact and durable, this pouch is made with premium, duty-proven materials. The updated TQ Pouch v2 features a Break Open design, which completely exposes the TQ when open. Made with laminated fabric for abrasion resistance and extreme durability. It can be worn on your duty belt utilizing the VELCRO® Brand ONE-WRAP® strap, or you can utilize the included Malice Clip to mount it to any MOLLE/PALS webbing. The pouch includes a PVC Cross Patch for easy recognition and incorporates a drain hole to rid the pouch of excess moisture. The pouch is designed to protect your TQ from the elements, implementing the same access and deployment methods as our RIGID TQ Case Jacket, keeping it swift and familiar across our product lines.
